## COMMUNICATION

# LIFE ADSORB in the spotlight on Aquagir

*Published on 25 July 2025*

## □ They're talking about us!

The **LIFE ADSORB-75** project has been featured on the **Aquagir** platform in an article dedicated to stormwater management in Paris.

□ This case study highlights our innovative system of planted filters with an adsorbing substrate, designed to depollute runoff from the ring road before it flows into the Seine.

A great recognition for this ambitious project led by the City of Paris and its partners!
